Everybody already knows how to rock n' roll, it's just a question of doing it.
It’s important to be busy, but if you don’t find time to change the world, then you’re busy keeping it the way it is. – Albert Jones
Earthrise: 24 December 1968

The image that changed how we see the world.
Marshall McLuhan

The most human thing about us is our technology.
10 slides X 30 seconds
And then it’s your turn!
What Inspires You?
Our Inspiration Accelerators
people who live at the intersection of social worlds are at a higher risk of having good ideas
