

Renewal of Annual Membership Dues for the National Public Health Information Coalition (NPHIC)

Dear NPHIC member,

As a valued member, we extend our heartfelt gratitude for your continued support and dedication to NPHIC. It is also important to remind you of the organization's mission and the benefits of your membership.

NPHIC advances public health communication through collaboration, innovation, and advocacy. We rely on dues-paying members like you to sustain our operations and maintain NPHIC as the premier network of public health communicators.

Emerging from the pandemic, NPHIC is repositioning itself to meet future needs with new technologies such as generative AI, requiring advanced knowledge and expertise. Through the active engagement of dedicated members like you, we are ready to embrace this evolving frontier. We apologize for the delay in issuing our 2024 invoices as NPHIC is also working to realign its internal process to better serve you.

Key benefits of your continued participation include:

- **Agility:** Quickly reacting to changing situations faster than bureaucratic organizations.
- **Networking:** Access to a vast network of public health professionals, experts, and stakeholders.
- **Professional Development:** Exclusive training workshops, webinars, and educational resources.
- **Resource Sharing:** A comprehensive repository of tools, templates, and research findings.
- **Advocacy and Influence:** Shaping public policies and championing important causes.
- **Collaboration:** Endless opportunities to tackle pressing public health issues collectively.

Your continued support enables us to fulfill our mission and advance public health communication for society's betterment. Together, we can build healthier, more resilient communities. See the attached, step-by-step instructions to renew your membership directly from the NPHIC website. For assistance, feel free to reach us at (678) 275-8232 (Laura Espino).

Thank you for your unwavering commitment to NPHIC and for the invaluable work you do to promote public health communication. We look forward to another year of collaboration, innovation, and success.

Warm regards,
